HARYANA GOVERNMENT
ELECTRONICS & INFORMATION TECHNOLOGY DEPARTMENT

Notification

The 27th April, 2015

No. Admn./299/1SIT/2290.—The Governor of Haryana is pleased to make some modifications/amendments in the Haryana e-Sava Scheme for Common Services Centres issued by this Department *vide* Notification No. Admn./299/1SIT/1076 dated 8 January, 2014. Accordingly, the duly modified/amended scheme is attached at **Annexure 'X'.**

DEVENDER SINGH,
Principal Secretary to Government Haryana,
Electronics & Information Technology Department.

Enclosure: **Annexure 'X'.**

ANNEXURE-'X'.

GOVERNMENT OF HARYANA

Haryana e-Seva Scheme for Common Services Centres

ELECTRONICS & INFORMATION TECHNOLOGY DEPARTMENT

Haryana e-Seva Scheme for Common Services Centres

Preamble:

Whereas Information & Communication Technology (ICT) has become widely pervasive in the recent decades and its use has increased the levels of expectations in the ease, efficiency, timeliness and transparency in the delivery of citizen services from various Departments and Agencies of the Government.

Whereas the establishment of ‘Common Service Centres’ (CSCs) in the state for the delivery of citizen services in electronic mode has been recognized as one of the basic IT infrastructure components under the National eGovernance Plan (NeGP).

Whereas the Departments and Agencies of Haryana State are gearing up to deliver citizen services in electronic mode on an ambitious scale and hence establishment of the CSCs as key citizen interface points has become very essential.

And whereas, it has become necessary in public interest to provide delivery of various citizen services in electronic mode at affordable charges.

Accordingly, the Governor of Haryana is pleased to notify this scheme for establishment and roll-out the CSCs under the name and style of “**Haryana e-Seva**” throughout the state of Haryana following a Private Entrepreneurship Business Model, in line with the approach envisaged by Government of India. The private entrepreneur, known as the Village Level Entrepreneur (VLE)/ Urban Level Entrepreneur (ULE), be it the rural or the urban area, as per the GoI nomenclature, is to be selected as the CSC operator and is to be authorized to act as a citizen service delivery point on behalf of the Government.

1. The Scheme:

This Scheme may be called the “**Haryana e-Seva Scheme for Common Services Centres**,” and shall be applicable throughout the State of Haryana. It shall come into force from the date of its Notification in the official Gazette.

Note: Words and expressions used and not defined herein shall have the same meanings assigned to them as in the Information Technology Act, 2000, and Rules framed there under.

3. Approach to delivery of services in electronic mode - a convergence model

3.1 A convergence model has been envisaged wherein the CSC is authorized to transact businesses and deliver a rich basket of relevant services to the citizens from multiple government departments/ enterprises/ agencies besides the private and financial sectors. This convergence is sought to be achieved by clubbing the following categories of services:—

A. **G2C Services:**

The G2C services constitute an ever-expanding field, with inherent limitations of the process of electronic workflow based approval by the competent authority. An illustrative list of such Citizen Services have been identified and included in **Annexue-1** along with the service charges. However, actual delivery of these services in electronic mode is incumbent upon the readiness of automation of back-end workflow processes of the concerned departments being taken up progressively. Uniform rates of Service Charges payable to the CSC by the service seeker in respect of each service request transacted by them in electronic mode have also been prescribed. Such service charges shall be over and above any statutory government fees/ receipts that may be payable by the service seeker. The IT Department has developed an in-house application which is an enabling platform to bring about such technology and operational convergence, with a facility to accept all government and non-Government payments at the CSC. This software would, inter alia, ensure secure operations, whereby citizen service requests can only be authorized by the competent authority. The CSC would act as a channel to enhance the citizen outreach and efficiency of service delivery.

B. B2C Services

A Memorandum of Understanding (MoU) has been entered with CSC-SPV India Limited, a Special Purpose Vehicle (SPV) formed under the Department of Information Technology, Government of India, which has already prepared a rich basket of the B2C Services for delivery through the CSCs. These services include the arrangements for the CSC to be recognized as a Bank Correspondent (i.e. Business Correspondent as per RBI approved norms), Insurance Agent etc. The revenues arising through the service offerings facilitated by CSC-SPV India is expected to bring a considerable business value to the CSC. An indicative list of such identified services is enclosed as **Annexure-2** and the service mix could keep changing over time to make it relevant to the citizens.

C. Service provider to Government Departments, Boards & Corporations

CSCs are to be used as a service provider for requirements of various Departments/Boards/Corporations and Agencies of Haryana Government. It would be a cost effective and optimal mode of implementation of their requirements while enhancing the revenue potential of the CSC's.

D. Establishment of CSC's in Haryana

The state of Haryana shall promote the establishment of various entities into CSC's as per details below:

- (a) CSC's established directly by CSC-SPV India
- (b) Banking Correspondents
- (c) Permanent Aadhar enrolment agents
- (d) ALC centers of HKCL
- (e) HARTRON approved workstations

3.2 Benefits of the Convergence Model

- (i) The project model is expected to deliver numerous benefits as a result of the convergence model both in terms of IT systems and Operations. At present, the Government departments maintain their own resident databases for administration of their respective schemes and programmes. As none of these databases interact with each other, there are a lot of inconsistencies in the same. It is envisaged to create a unified State Resident Database (SRDB)/ CIDR that will include interface with the Births and Deaths Registry, Aadhaar numbers and kept up-to-date at all times for access by all Departments. Conversion of manual administrative processes in eGovernance mode in a phased manner, integrated with the SRDB/CIDR, is certainly expected to improve the governance standards in terms of reliability, efficiency and transparency. The approach for end-to-end electronic services delivery would not only be aligned with the Right to Service Ordinance already promulgated and the Electronic Services Delivery Act proposed to be enacted, but would be path breaking in terms of eliminating the physical interface between the service seeker and the service provider.
- (ii) Establishment of CSCs in the state would provide direct gainful self employment for more than 5,000 entrepreneurs/ skilled IT persons in the state in this process.
- (iii) More importantly, the establishment of CSCs in the state shall provide a pervasive operational IT environment for the Government. This has so far been seen as a one-way channel for delivery of G2C services. This provides an ideal foundation to bring citizens, especially those who do not have access to the digital infrastructure, closer to the Government. One of the fundamental advantages would be to gather data at the grass-root level and keep the same current and consistent at all points in time. The CSC thereby serves as a ready and easy channel for this purpose.

4. Number of CSCs

- (i) As per the 2011 Census, the total rural and urban population of Haryana is respectively 165.09 lakhs (i.e. roughly 65% of the population) spread across about 6,750 villages and the balance 88.42 lakhs (i.e. the remaining 35% population) distributed among the 78 Urban Local Bodies (ULBs). It has been decided that each Gram Panchayat shall be enable to have at least a CSC. Accordingly, rural CSCs and urban CSC's are planned to be established across the State. The actual number of CSCs to be rolled out would, in any case, have to be aligned with the distribution of population in urban areas and no. of gram panchayats in rural areas
- (ii) At present, a total of about 102 e-Disha Centres are functioning in the state and delivering services to the citizens. These are being managed through the District IT Societies (DITS). These would continue to be operated by the respective District Societies under the existing arrangements. However, the service delivery mechanisms, software/technology platforms and the service charges would be standardized with the norms applicable to the CSC.

5. Administrative Structure

This Scheme shall be administered through a three-tier administrative structure i.e. (i) CSC level, (ii) District level, and (iii) the State level. The proposed structure, the roles and responsibilities of each level are explained as under:

5.1 CSC level

The CSC operations are envisaged to be operated and managed by the selected VLE/ULE who will be formally authorized for the purpose. VLE/ULE shall be responsible for making investments on his Hardware requirements, connectivity charges, electricity expenditure, manpower and other operating costs for efficient management of the facility and delivery of services. He shall be bound by an Agreement to be executed and a code of conduct in this behalf. The Government will retain the right to withdraw the authorization and get the premises vacated(if provided) with three month's notice in the case of any defaults or unsatisfactory performance, misrepresentation, fraud, misconduct, embezzlement/ misappropriation of funds on the VLE/ULE's part. Depending on the severity of the case, the Government shall have the sole discretion to withdraw any or all authorizations to VLE/ULE without prior notice.

5.2 District level - DITS

Each District has a District IT Society (DITS), of which the Deputy Commissioner (DC) is the Chairman with the District Information Officer (DIO) of the NIC as member-secretary supporting the DC in this behalf. The selection of CSC Operators/ VLE/ULEs would be made by the respective Deputy Commissioners. The District e-Governance Society shall be responsible for administrative control, supervision and monitoring the working of the CSCs within its jurisdiction. It will also address any problems faced on account of smooth operations of the CSC, including technical, data and other operational matters. This Society will continue to operate and manage the e-Disha Ekal Sewa Kendras that provide citizen service at the district and tahsil/ block level. The electronic service delivery will be consistent whether it would be done by a CSC or the e-Disha Centre, but it may not be feasible to offer some services of e-Disha Kendra's at the CSCs.

5.3 State level - eSDA

An independent Division known as eSDA (Electronic Service Delivery Agency) has been created within Hartron which will act as the state level agency for operating this scheme. This Division shall be responsible for providing all necessary enabling technology, IT infrastructure, IT Operations and support for necessary business operations for successful operation of the scheme on a perpetual basis. An accounting unit for monitoring the receipt of Government and non-government payments received through the CSCs, reconciliation and electronic transfer of the funds to the respective receipt destinations shall also form a part of the responsibilities of the eSDA. Eventually, eSDA/NIC shall also take up the management of the State Resident Database(SRDB/CIDR) and shall become its custodian on behalf of numerous departments and agencies. Besides, there will be focused business development function that will constantly work towards the inclusion of new services, both from the Government and private sectors. Further, in order to bring uniformity and high quality to all G2C services, this Division shall act as a catalyst by providing common platforms and services to all departments, thereby reducing redundancy and enhancing consistency in citizen services. The e-Disha Centre and CSC operations would be brought into a common governance framework.

5.4

The eSDA would enter into a formal Agreement with the CSC-SPV for operating the B2C services through the CSCs. Similarly, Agreements would be signed between the eSDA and each of the DITS containing the aforementioned Governance Structure, roles and responsibilities, their respective obligations and other terms and conditions.

6. Infrastructure pre-requisites for establishing a CSC

The establishment and operations of a CSC are incumbent upon the basic infrastructure comprising Internet connectivity, availability of power and power back-up, and Hardware and IT infrastructure facilities. These are explained as follows:

6.1**Internet Connectivity**

All the CSCs have to operate through an integrated electronic service model. Hence, availability of reliable Internet connectivity constitutes a basic pre-requisite for its operations. Reliable connectivity has particularly been a challenge in rural areas. While broadband connectivity either through BBNL or other service providers can be used during the initial period, a more effective approach is necessary to address this requirement. The Government of India has decided to provide last mile connectivity for each and every village under its National Optic Fiber Network (NOFN) project. The work of Haryana jurisdiction has been assigned to the BBNL for this purpose. The operationalisation of NOFN is expected to effectively address the connectivity related concerns and connectivity options to the CSC would be worked out with BBNL once it becomes operational.

6.2**Availability of Power and back-up facilities**

Assured availability of power for continuous operations of a CSC, is perceived as a major challenge keeping in view the regulated power supply in the rural areas. The situation is comparatively better in urban areas as compared to the rural areas. Provision for Gen-sets/UPS/ Invertors may be required to mitigate this factor to some extent, particularly in the rural areas under power supply regulation measures especially during the normal office hours. It is proposed to use laptops at rural CSC's.

6.3 Hardware and Supporting Infrastructure

Apart from the expenditure on normal furnishing (internal partitions, work-stations, counters for public service, and waiting area for the citizens), a CSC would need to be equipped with the following hardware and IT Infrastructure:

A. Compulsory requirements			
#	Items	Qty	Estimated Cost
1	Computers (Desk Tops/ Laptops) for the CSC with operating system	03	1,20,000/-
2	Multi-functional Device (Printer and Scanner, Copier etc.),	01	17,000/-
3	Point of sale (receipt) printer, tablet	01	15,000/-
4	1000 VA Offline UPS systems with (4X12VX7AH) SMF battery	01	6000/-
4	Modem or Dongle for Internet connectivity	01	3000/-
5	Stationery, printer cartridge, etc	01	4000/-
Total			1,65,000/-

B. Optional requirements			
#	Items	Qty.	Estimated Cost
1	UID Enrolment complete Kit (Optional)	01	1,25,000/-
2	UID kit(Finger print scanner & IRIS scanner)	01	65,000/-

The above table reflects the requirements of centre. It is felt that a CSC can start its operations with an investment of about Rs. 2.00 lakhs at the initial stage. In addition to the above, the VLE/ULE/ Operator would need to meet all routine expenses associated with the operations of the CSC

e-Wallet: Since the VLE/ULE would be authorised to deliver all the G2C services, including receipt of all Government Receipts and Utility/ULB Payments, the VLE/ULE/Operator would be required to maintain some funds in the e-Wallet as per requirement of the service.

7. Financial sustainability of the Administrative structure

(i) A revenue sharing model has been worked out to ensure sustenance of the scheme operations in the long run as per the details below

Suitable examples are also shown to bring in clarity in understanding difference between Haryana G2C Services and CSC-SPV G2C services.

#	CSC Location	Revenue share to the VLE/ULE (Village/Urban Level Entrepreneur)	Revenue share to the DITS (District IT Society)	Revenue share to the eSDA(Hartron)
	For Haryana G2C Services			
i	Urban	80%	10%	10%
ii	Rural	80%	10%	10%
Examples for Haryana G2C Services				

#	Name of service	VLE/ULE share	DITS share	eSDA share
1	Residence certificate	24	3	3
2	Income certificate	24	3	3
3	Issue of Birth certificate	8	1	1
4	Issue of Death certificate	8	1	1

#	CSC Location	Revenue share to the VLE/ULE	Revenue share to the DITS & eSDA(Hartron)	Revenue share to CSC-SPV, DeitY
For B2C Services and G2C services through CSC-SPV				
i	Urban	80%	15%(10% + 5%)	5%
ii	Rural	80%	15%(10% + 5%)	5%
Examples for G2C services through CSC-SPV				
#	Name of service	VLE/ULE share	DITS share	CSC-SPV share
1	PAN card	9.60	1.2	0.6
2	Printing of e-Aadhaar	12	1.5	0.75
3	Jeevan Pramaan Certificate	40	5	2.5
4	Printing of EPIC Card (New/Duplicate)	24	3	1.5

- (ii) Each of the administrative units is expected to plan and meet their operational expenditure requirements from the above revenue flows. The capital expenditure on provision/construction of the premises and part initial costs is not included in the above table.
- (iii) The service charges in respect of various services/transactions shall be uniform across the state and have been fixed by the Government as per **Annexure-1**. These will be reviewed periodically and any changes to the service charges/ revenue sharing would be notified from time to time.

8. Process of Selection of the VLE/ULE/ CSC Operator and Training

- (i) Selection of right kind of entrepreneurs for manning and managing the operations of a CSC is a key determinant for the success of the Scheme. It is important that the CSC operator has a personal stake in the success of the CSC. Hence, the entrepreneurial capability becomes the first and foremost requirement of a CSC operator/ VLE/ULE. He has to have the capacity to make the minimum required investment in establishment of the basic infrastructure. While he is likely to emerge as an employment provider in due course of time as the business picks up, it is important that the person possesses the basic skills in computers applications/ operations.
- (ii) Keeping the above in view, the respective Deputy Commissioners shall be responsible for the selection of the VLE/ULEs/ CSC Operators within their jurisdiction as they would eventually take the ownership of these operators and the CSCs. In case of areas under the Municipal Corporations, the selection of the CSC Operators shall be made jointly by the Deputy Commissioner and the concerned Municipal Commissioner.

(iii) By way of broad guidelines, which may be suitably adjusted as considered appropriate by the concerned DCs, it is suggested that, in so far as feasible, preference may be given to the local talented youth in selection of the suitable candidates. Again, it is for the Deputy Commissioners to decide the mode and method of selection i.e. by inviting applications through advertisements or walk-in-interviews etc. as they deem appropriate so long as the process is kept objective and transparent.

Order of preference with educational qualifications	Order of preference	Other requirements
M. Tech/ B.Tech Computers/ MCA/ BCA/ Diploma in Computers/ A Post-Graduate/ Graduate with knowledge and experience of working in an ICT driven environment Minimum qualification is NIELIT CCC certification	(i) From the Village/gram panchayat concerned where the CSC is located; (ii) From any of the surrounding panchayat if not available from the given panchayat; (iii) From the Block/ Tehsil within which the CSC is situated	Financial capacity to initially invest an amount of about Rs. 2.00 Lakh in Hardware and supporting infrastructure and expanding the same subsequently

(iv) On being selected, the VLE/ULE/Operator shall be required to enter into an Agreement with the DITS, with back-to-back reference to the Agreement signed between the eSDA and the concerned DITS, governing the terms and conditions of authorisation, withdrawal of authorisation, code of conduct etc. The agreement will be for an initial period of three years and shall be extended periodically subject to satisfactory performance of VLE/ULE. The Standard Model Agreement shall be prepared by the eSDA to assist the DITS in this behalf.

(v) The selected VLE/ULEs/ Operators would be imparted necessary orientation training in order to enable them to start their operations, followed by hand-holding support and in-between refresher training sessions. The training labs shall be established at district level under the aegis of the District e-Governance Society (under the Chairmanship of respective Deputy Commissioners) for the purpose. The eSDA shall facilitate the engagement of a suitable agency for imparting planned training to the VLE/ULEs/ Operator and limited number of their staff for which the expenditure would be met out of the funds available with the State IT Society. However, the travel and boarding/ lodging related expenses shall be borne by the VLE/ULE/ Operator.

(vi) The working and performance of the VLE/ULE/ CSC Operator shall be monitored regularly by the State and District e-Governance Societies to determine the business turnover, service quality and other factors.

9. Authorisation of the VLE/ULE/ Service Provider for delivery of Services under this Scheme

(i) Upon successful completion of the orientation training, the selected Village Level Entrepreneur/ CSC Operator would be issued a formal letter of Authorisation, under the authority of Electronics & IT Department of the State, to act as the authorised person to transact the complete basket of services covered under this Scheme. This authorisation shall be valid for all the services notified to be delivered through the CSCs and the concerned line Departments are deemed to have authorised the CSCs for the purpose.

(ii) The Authorisation Letter shall specify the period of Validity of such authorisation and shall be displayed prominently at the CSC premises at all times;

(iii) The concerned DITS shall issue Identity Cards to the VLE/ULEs/ CSC operator valid for the period of authorisation. The CSC operator, in turn, shall be required to issue Identity Cards to the staff engaged by him to carry out the operations for the CSC;

(iv) It is highlighted that this Scheme is notified following a private business model wherein the VLE/ULE/ CSC Operator, in his or her individual capacity, acts as an authorized agent or a 'franchisee' to enable electronic delivery of citizen services as per the vision and model envisaged by the Government. While this scheme envisages positive returns for the VLE/ULE/ CSC Operator, no guarantee of income is provided herein. The VLE/ULEs success will be determined by his or her desire, dedication, efforts, knowledge, experience, entrepreneurial/ financial/ other capacity, ability to follow directions and personal talent. As with any business, the results can vary and the VLE/ULE is expected to the risks attendant with the CSC Scheme. The CSC scheme provides authorization to VLE/ULE to deliver electronic services on behalf of Government. It does not create any right or automatically entitle VLE/ULE to be provided with employment of permanent or temporary nature in government.

10. Provision for CSC Premises

The government premises shall be provided to the VLE/ULE wherever possible by respective Deputy Commissioners, however, if not available VLE/ULE can operate from private premises maintained by them at their own cost subject to conformance of minimum prescribed norms.

#	Description	
1	Room size	10 ft X 10 ft

HARYANA GOVERNMENT
MINES AND GEOLOGY DEPARTMENT
Notification
The 27th April, 2015

No. DMG/HY/e Auction/PKL/2015/2149.—It is hereby notified for the information of the General Public that mining contracts for extraction of minor mineral from mines of the district of **Panchkula** will be granted through the process of **e-Auction**. The e-Auction will be held on 27/05/ 2015 at 9.00 hours and bids can be submitted from **27.05.2015 at 09:00 AM to 28.05.2015 till 12:00 Noon, extendable maximum up to 3.00 PM**. The important instructions for participation in the online e-Auction are as under:

- A. The bids shall be made online on the **e-procurement** website <https://haryanaeprocurement.gov.in>.
- B. The intending bidders before participation in the e- auction/ bidding process will be required to create **their user account online and obtain user-id / password** on the website <https://haryanaeprocurement.gov.in> (If already created user account, this step needs to be skipped). For necessary instructions regarding participation in e-Auction of mines/blocks please visit the aforementioned website and click on the available link “**How to...**” at the Home Page.
- C. After getting the *user account created*, the prospective/ intending bidders shall **upload** following **documents (in PDF format not exceeding limit of 10 MB for individual document)** along with **earnest money (EMD)** and **e-service fee** in order to participate in the e-Auction latest **by 26/05/2015 till 05:00 PM** anytime after the publication of this document:
 - (i) **“No Dues Certificate”** from the authorised officer or an affidavit sworn before any Magistrate to the effect that no amount of contract money, royalty, dead rent or surface rent is due in respect of any mining lease/mining contract or mineral concession held by him earlier or in respect of any mineral concession currently held by him or his family members;
 - (ii) Copy of the **Partnership deed or Article of Association (in case of company)**, or an affidavit (in case of sole proprietor);
 - (iii) A copy of **authority letter** by the Partnership Firms or **Copy of resolution** of the Board of Directors (BoD) of the Company in favour of the person who shall be offering the bids online for such intending agency;
 - (iv) **Earnest Money** equal to 10% of the reserve price of the mining area/site for which bid has to be made, rounded by an amount of Rs.10,000/-, through online payment in due course of time i.e up to 26.05.2015 till 05:00 PM. In case the intended bidder fails to pay online EMD fee under the stipulated time frame will not be allowed to enter in e-Auction of mine(s)/ block(s). The payment for EMD fee can be made by eligible bidders online through RTGS / NEFT or OTC. (Please refer to important Payment Guidelines under Annexure – ‘A’ provided by online payment gateway service provider i.e. ICICI Bank).

The intended bidder must remit the funds at least T+1 working day (Transaction day + One day) in advance before the expiry date & time i.e. 26.05.2015 till 05:00 PM. The payment shall be made against the beneficiary account number as mentioned in the challan to be generated online at the **e-Procurement portal** <https://haryanaeprocurement.gov.in>.
- (v) Details of the bidding agency in case of requirement of **refund of EMD** (a) Refund Account Name (b) Refund Account No. (c) IFSC code of the Bank. Note: Please cross check the information to be submitted online before saving the same as the information in non editable.
- (vi) The Bidders shall have to pay **e-Service Fee of Rs.1000/- online** by using the service of secure electronic payment gateway. The secure electronic payments gateway is an online interface between contractors and online payment authorization networks. The Payment for **e-Service Fee** can be made by eligible bidders/ contractors online directly through **Debit Cards & Internet Banking Accounts**.

Note: Any document uploaded as per (i) , (ii) and (iii) above at later stage/ after auction found to be wrong/ false shall invite revocation /cancellation of bid and forfeiture of amount deposited at the time of auction apart from debarring the bidder from participation in any subsequent bids for a period of 5 years.

D. In case of any query regarding process of **e-Auction**, the intended bidder can contact the service provider at below mentioned address:

M/s Nextenders (India) Pvt. Ltd. O/o. Director Supplies and Disposal Haryana, SCO -09, *IInd* Floor, Sector -16, Panchkula-134108 E - mail: Chandigarh@nextenders.com Help Desk: +91-172-2582008-09, 2618292 and **1800-180-2097** (Toll Free Number)

Note- A training-cum-orientation program for the intending bidders will be held on **15th and 22th May 2015** at Panchkula or Chandigarh office of **M/s Nextenders (India) Pvt. Ltd** from 11.00 A.M. to 1.00 P.M. Parties interested in attending the same are requested to contact/confirm participation to Sh. Kanwarjeet Singh Mobile 09592259876, Sh. Sat Dev Sharma 9872252144 Sh. Deepak Mobile – 9501176347 or the helpdesk on Toll Free No. 1800-180-2097 and 0172-2582008/2582009/2618292 or through E-mail: chandigarh@nextenders.com.

E. Any bidder interested to participate in the auction can submit his bid/s from date **27.05.2015 from 09:00 am to 28.05.2015 till 12:00 Noon**.

F. However in case any bid in respect of any mine/ block is received 10 minutes prior to time fixed for closure for the bid then the time for closure of the bid in respect of said mine/ block would be extended automatically by 10 minutes, so that equal opportunity is made available to the persons participating in the bidding process. Such extensions of ten minutes will continue till bids are received within next 10 minutes of last bid, otherwise the same would get concluded.

G. In case the bidding would continue during such extensions of 10-10 minutes, the bidding process will finally conclude at 03.00 pm and no further extension would be given thereafter.

H. The minimum bid incremental value during the initial time provided i.e. up to 28.5.2015 till 12.00 noon) will be multiple of Rs. 50,000 (Fifty Thousand). However the increment during extended period (28.05.2015 from 12.00 noon till 3.00 PM) will be multiple of 100000 (one lakh) instead of 50,000 (Fifty Thousand).

The details of the areas of the Mining Blocks along with reserve price and period of mining contract which are to be granted on mining contracts and other terms and conditions of the auction are given below:
